

Avan Amino Plus

Amino Acids from vegetable origin Bio stimulant

Benefits of Avan Amino Plus

1. Stimulation of physiological processes in plants.
2. A high content of the L form (totally assimilated) amino acids with a marked affect on plant development and plant nutrition.
3. Creating maximum efficiency regardless of weather conditions at critical times of plant growth , flowering, fruit set.
4. Prevents and corrects chlorosis by increasing the absorption of nutrient ions, and production of chlorophyll
5. Action on the Stomas that control the water balance of the plant macro and micronutrient absorption and gaseous exchange.
6. Benefits to the microflora of the soil around the roots facilitating the assimilation of nutrients

Benefits of Avan Amino Plus

1. Helps recovery of plants damaged by frost, high temp, drought, pesticide damage and pest attack.
2. Applying Amino plus before a stress event will increase the ability of the plant to overcome the stress incurred.
3. It improves biological and biochemical processes , thus creating an increase in growth and potential yield.
4. Providing additional nitrogen and trace elements Cu, B, Fe, Zn, Mn, Mo and Fulvic acids.
5. Providing 18 of the most important Amino acids for plants in the L form.
6. L-amino acids from vegetable origin.

Effects on Plants

1. Protein Synthesis
2. Stress resistance
3. Effect of Photosynthesis
4. Action on the stomas
5. Chelating Effect
6. Amino Acids & Phytohormones
7. Pollination and Fruit formation
8. Equilibrium of soil flora
9. Regulating the water balance
10. Stimulation of the chlorophyll synthesis

Crops and Dose rates

- Cereals 1-4 lt Total Rates 0.5 to 1lt/ha
- Vegetables 2-3 lt Total Rates 0.25- 0.5 lt/ha
- Fruit 1-4 lt Total Rates 0.25- 1 lt/ha
- Potatoes 1 -4 lt Total Rates 0.5 – 1 lt/ha
- Maize 1-4 lt Total Rates 1-1.5 lt/ha
- Salad crops 1-4lt Total Rates 0.25-0.5lt/ha
- Flowers 1-4lt Total Rates 0.25-0.5lt/ha
- Root Crops 1-4lt Total Rates 0.5-1.5lt/ha

Supply information for UK

- Manufactured by Avan Europe S.L Xativa Spain
- Importer and sole Distributor for UK Demeter Technology
www.demetertechnology.com
- Marketed by G & A Crop nutrition Ltd
